L.O: We are learning to use noun phrases

Dear diary  
I am on my journey to the biggest  
mountain I know, about to tell the  
sky the saddest thing I know  
because I want to save the  
village. My grampa told me the  
best of the mountain yesterday and I don't  
have to climb the highest mountain  
and tell the sky the saddest thing  
you know

Great, you have included noun phrases and  
adjectives!
