

Thursday 12th September 2019
We are learning to use devices to build
rhetorisation within and across sentences and
and parts paragraphs.

Dear diary,

Yesterday, I came on to the huge boat
called Endeavour. The ~~boat~~ deck had
really a lot of space at first. (Incidentally,
when all of the people with were
travelling came on there was a vital
bit of space. There is a big kick out. I saw
our bed room. The ~~bed room~~ ~~was~~ ~~very~~ ~~small~~. I liked
in the cabin it was a median rise.

bed room
was very
but not
beds.

This morning, I had lots of ~~the~~ feeling
feelings when the people came on. I felt
happy enough. Apparently, I was ~~happy~~
my feelings were more confident than
happy when we were leaving. I felt an
really excited. I felt great for good. I felt an
over. After half an hour I had to make a lot
of beds with my great funny ~~was~~ one I saw
was happy. I am really happy to go because
I want to go.

I am so sad that I had to say good
bye to my whole family. I am also
so ~~very~~ worried about what will happen
for us. I am also ~~sketchy~~. I have a real
mistake of feelings. I have no idea
what to think. Can you tell me what

*

to do with me? I at the same time I ~~want to~~ don't want to go.

I have a lot of ~~best~~ questions to ask. Will I ever survive? Will we crash? Will I see a killer whale? Will I ever see my family again? Will I be worm south on the other side of the world? What will I see there? Will the things be similar to the things in my country?

Yes Yesterday, I was feeling weird. I was like, ~~to~~ what will happen? Will I make friends.
