Endurance goes to Antarctica!

Sir Ernest Shackleton  
is going

Dangerous expedition

Sir Ernest Shackleton will launch his boat from Plymouth to South Georgia. From there they will go depart to Antarctica from there after that. He chooses to do it to make history and to research and find new land. They will leave for South Georgia on the 8<sup>th</sup> August.

and has been preparing for months on end. He has picked the best people for the crew.

The boat they are going on is called Endurance. When they go to the Antarctica they will probably find new animals. Such as Whales and Penguins. They may also find evidence of Antarctica in the past and extinct creatures. \*

\* They may also find an

Archaeological discovery.

\* Multiple

The crew are ready they have 69 dogs and 26 crew members.

Some crew members have extra <sup>multiple</sup> dogs.

Shackleton is prepared

This is a very dangerous expedition so so they may not make it back

alive. Crew members have concerns about what might happen. Such as pack ice, icebergs, dangerous animals and the climate. They are also scared of the natural environment like snow and wind.

Some of the crew spoke to us they are called William Bakewell and the captain Shackleton. Shackleton said "We have all of the supplies for the journey." He also said "I am excited for the journey." William Bakewell said "Antarctica is a scary place to be." He also said "It will be a ~~ten~~ long journey."
