What is a denomination?

A ~~den~~ denomination, which I have learnt today, is fairly ~~simple~~ simple. It ~~is~~ means something that branches off of something else. In this case, Christianity branches off into different denominations. So, that answers the question.

What are these different aspects of Christianity?

Some things that Christians believe ~~is~~ is gathered here. Christians believe in the Holy Trinity, which is made up of the father, the son, ~~the~~ the Holy Spirit and God. They believe that Jesus was the ~~son~~ son of God. Jesus died ~~on~~ on the cross.

What does it mean to Christians?

This ~~me~~ means a lot to Christians. Obviously, this is their religion and they put their heart and soul into it. They believe that it ~~is~~ is important to understand the stories, ~~and that~~ To be a true ~~of~~ Christian, you must believe in the Holy Trinity.
