## International Day

Children have spent today learning about a different country during International Day.

RB	Poland
RGM	Sri Lanka
1JK	Wales
1K	France
2B	South Korea
2DM	China
3C	New Zealand

Photos will be on Facebook over the next few days.

## Outside Achievements

We love hearing about what the children achieve outside of school and have the option for families to let us know via our website. This can then be celebrated in school and added to our display. If your child has a significant achievement outside of school e.g. in Sport, Music, Dance, a challenge, anything similar, then please use this link to share it with us: <https://www.saxonprimary.co.uk/form/?pid=140&form=21> it will also be posted on our website.

### SCC's Warm Welcome Scheme is once again open to all Surrey residents

Since our Warm Welcome venues opened their doors in November 2023, over 11,000 Surrey residents have attended sessions, getting a free hot drink, energy advice, winter essential items and much more. Many venues offer additional services such as free hot meals, debt and employment advice, as well as social activities. These include board game and arts and crafts sessions, cooking classes and in one case, a children's entertainer attends so children can run around after school while their parents relax and have an opportunity to speak to our volunteers.

With the current cold weather, we would like to remind residents Warm Welcome venues are open to everyone this winter free of charge – no matter your age or situation. You can find a full list of Warm Welcomes on our website: [Warm Welcome Venues in Surrey - Surrey County Council \(surreycc.gov.uk\)](https://www.surreycc.gov.uk).

### Your View Matters! Have your say on the River Thames Scheme

On 15 January, the River Thames Scheme (RTS) launched a communications campaign called Your View Matters to support the launch of its Statutory Consultation.

Statutory Consultation is a six-week period where in-person and virtual events take place from 00:00 on Monday 22 January 2024 to 23:59 on Monday 4 March. The scheme uses this period, to formally consult with local communities and key stakeholders, to ensure the final project design is informed and influenced by those who live, work, and use the area. We are keen to ensure all those who have an interest in sharing their views on the final design for the RTS, know where, when and how to take part.

The RTS is an integrated scheme, working in partnership between Surrey County Council and the Environment Agency. It aims at reducing the risk of flooding to homes, businesses and infrastructure, in addition to improving access to quality green and open space, creating a more sustainable travel network and increasing biodiversity.
