Let us use marking to use directed quotes to indicate speech.

Variable missing by skin rabbit.

By Hatamathews

Late Thursday afternoon as we started to the car. Melba says to get Zuzana and said her missing.

So she was getting worried. Said, scared upset and very angry. Her father Lawrence was suspicious because Kelly was smiling when Melba was crying. ~~And Zuzana~~

"Only one person in the house would steal something." ~~Melba~~ said Lawrence. So Kelly wouldn't hear ~~what he was saying~~

"She also doesn't help with anything and acts like a brat." Said Melba

It's someone might as look it we know it's

it would be Kelly because you were smiling when she was crying about ~~Zuzana~~. Zuzana. So you must as done it. You went to the bin with him to put him there.

We are now putting all the clues together. We know how did it. Where he is. Kelly stole Zuzana. He is in the Rubbish dump. We know how the girl was Kelly. We also said Kelly went to get ~~Zuzana~~ she also really hates him. That is the end of our investigation.

EBI work on ~~more~~ choices & expand them
