About this painting

It

This magnificent piece of art work was painted by a man called Ruben in 1633. It was set in Kings collage chapel in Cambridge.

The name of the painting was named the Adoration of the Magi and ^{which} is now hung on a wall in the chapel. It is elaborately painted with competence by Ruben.

What it represents

There are many features on the picture that represent different things. For example the spider in the left hand corner represented Jesus defeating his enemies and the owl when he is older.
