-ly suffix

We are learning to describe

I am whiter than sparkly ice.

I'm like a giant white sheet on the earth.

I come from the sky and land on the ground.

I'm a little shiny but very very very very cold.

I can be a bit wet or slippy.

Even though I am snow I might not come back I don't know.

I can get your feet stuck. And I do is wait for you to come out.

Love from Tabitha.
