

I broke it.

Be a bit more formal and less speech

Thursday 9th January 2020

we are learning to use the appropriate form.

(Should children, be left alone.)

It is unsafe for children to be left alone, because they could be stolen (or their stuff could go missing because of their age.) they may drink bleach and might think it's a drink. For example, they might think that it is orange juice or water.

The parents will never see their child again and that may affect how they normally sleep. They will feel down for what they have done to her and, they the husband or boyfriend and their kid child.

This may (could) cause the police to become involved with this type of situation. The parents ~~is~~ in this type of situation, ~~could go~~ it may cause or it could end up their parents to go to prison.
