### Should Liam pose as an adult?

From the book Cosmic I will be discussing whether or not the Mafie characters Liam should pose as an adult. On the one hand he should act like an adult because people think he is an adult. He is 6 foot tall and has already gone facial hair at the age of 11! He also looks like one and it is how he gets treated like an old one and looks like <sup>one</sup> old.

A further reason is he can do what ever he wants with out ~~people~~ <sup>say</sup> people saying you can't do that or I, it can not stop you from doing any thing he wants. He can also help his friends. He could pretend to be there ~~dead~~ and to take them places they have never been before.

On the other <sup>hand</sup> he could get in trouble and maybe get ~~at~~ arrested and put in to jail. Liam can have a big punishment for posing to be an ~~old~~ adult. He may be put in danger by being things like drugs and alcohol. For example he could pretend to drive a car and not have a car.

and end up in hospital.

Liam would avoid his friends in  
Lahger try for if his friends where in  
the car he told could be in for man-  
sness and hospital.
