So we are learning to write by selecting appropriate vocabulary.

SPACE

All I see is an ocean of stars,
Eye catching earth
I feel so relaxed

Floating in the air,
Clouds of smoke,
Bursting with blue,
Glamorous sight,
All I see is a vast moon

An array of colours fill the sky,
Like jet works in the night time,
Millions of white lights follow me to space
up I flew.
Away and Away,

The galaxy awaits for me to arrive,
I get in my rocket as fast as I can,
And as fast as ever I met my best friend,
Floating in the air as fast as I can
Clouds of smoke
All I see is the vastness of space, light,
What a glamorous sight,
Eye catching earth, bright with blue,
What a visit I made for you,
But not I must dash,
But don't worry I promise I will be back.
