Lo We are learning to use the present perfect form of verbs instead of the simple past.

Julius Caesar

Wandering through the Colosseum, Julius Caesar felt like something was watching him because something was watching him but what? As Julius Caesar went out Calpurnia grabbed Caesar to tell him in private about a ~~horrible~~ ^{terrible} nightmare that she had "I had a dream about people killing you and washing their hands in your blood." Calpurnia doesn't want her husband to go to the Senate and get the crown because it's dangerous. About a week later Julius Caesar makes his way to the Senate as he walked in everyone except Brutus who is Caesar's best friend and Cassius because they were plotting to kill the king. The king now has his crown. 2 hours later he is 2 meters away from the exit he is walking out but Cassius and Brutus stab his heart and kill him. Before Caesar dies he says "Brutus you and Cassius killed me." The guards have killed Brutus and Cassius.
