L.O: We are learning to structure our ideas.

Sewage monster uncovered

by: J.L. Dial.

Out of for ~~for~~ ^{have} weeks, our fair city has been trying to work out what mysterious creatures have been living in the drains.

* The city's ~~its~~ very own sewage workers have been requesting that the monster in the sewer is a gobs ^{ghost} ~~gob~~, the first sewage worker, Denis, who heard saying "it was ^{drinking} ~~eating~~ the poison I put down to finish the mice off." The other sewage worker, Bobby was quoted saying "I went down and started cleaning, then from nowhere, like a ~~a~~ ghost ~~to~~ turned up and started hawking me and Denis."

* A young boy, Billy, aged 10 has been put in jail and he says that he knows who

the ghost is. He was saying "I know who the ~~the~~ ghost is and I reckon it is a young boy, named Roger. He was the one that got me stuck here. One night, we were doing a removal job. Then out of everything he could eat from the cobound, he took a pepper! That's how HE got ME & Court. I know, the wrong way 'round."

There was a man and lady that have seemed to claim ~~a~~ that Roger, the Apparent ghost as their own child. They said "we took the boy in when he ~~is~~ arrived on our doorstep!"
